**TK Board Member Gets New Job in Tech Ed with Panasonic  
*Congratulations to Ana Maria Figueredo on a Great Opportunity***

Miami, FL (May 1, 2011) – Techie Kids is proud to announce that one of our board members is embarking on a new journey. Ana Maria Figueredo, an educator for Miami Dade Public Schools, has just been hired by Panasonic to represent Panasonic's Total Classroom Solution to the K-12 education market in the Southeastern United States. This innovative technology includes Interactive Panaboards and the A+ Audio System with Security that not only improves student engagement and performance, but makes the workday more efficient for both teachers and students.

Ana Maria has over 22 years of experience teaching technology to children and this opportunity allows her to further her knowledge in the latest tech learning tools used in the classroom as well as share her expertise and new equipment with Techie Kids' program partners. This new job allows her to discuss how these systems can potentially raise student scores (research proven), decrease teacher sick days, and even increase safety in schools and after-school organizations.

To learn more about Ana Maria Figueredo, visit her website at <http://www.southbeachannie.com>. And, for more information on Techie Kids contact Sherri Jones at (786) 222-4943 or visit <http://www.techiekids.org>.

**About Techie Kids**

Techie Kids is a career-focused, educational partnership program dedicated to creating bright futures for kids through technology and media. Visit us at <http://www.Techie Kids.org>.
